1. Requested Motion:

Meeting Date: October 4, 2010

Approve the contract with Southwest Utility Systems, Inc. for milling and resurfacing various Town roadways in an amount of \$91,216.25.

Why the action is necessary:

Council approval required.

What the action accomplishes:

This action approves paving of Town roadways.

2. Agenda:

3. Requirement/Purpose:

5. Background:

The Town's FY 11 budget includes a budget via gas tax proceeds for resurfacing of Town owned roads. A road evaluation program is in place and updated on at least a yearly basis. Based on the most recent inspection it was determined that ten roads met the evaluation criteria for resurfacing. Because of the pending Basin Based Stormwater Improvement project the roads within that project were omitted from resurfacing schedule. Unit prices were obtained from paving contractors; the Town's North Estero Blvd. contractor provided the most competitive price. It was determined to piggy-back on the North Estero Blvd. contract for this paving work. It is anticipated that this work will begin by October 15, 2010. A copy of the roads slated for paving and the Town's contract form for the same is attached.

6. Alternative Action:

Reject the contract for road resurfacing.

7. Management Recommendations:

Approve the contract as outlined above.
